MULE DEER: Mule Deer is a draw and can be hunted 2nd and 3rd rifle seasons only. *Deadline for drawing is April 5th 2011.*

BEAR: Over the Counter

TURKEY: Over the Counter

MOUNTAIN LION: Over the Counter

ELK HUNTING: Our private ranches have been producing many trophy bulls in the 300 to 380 class. Bow and muzzleloader hunters can expect to see large herds of elk grouped together in full rut in September. First season, early October, elk only rifle hunters will be hunting the post rut with excellent opportunity of hearing a trophy bull bugle. The second and third seasons are 9 day hunts. Elk will be gathering up in smaller groups during this time. Our fourth season hunts are in mid November with elk migrating to lower country. This is a popular hunt. Hunters must apply for this tag early. Our elk hunts take place in units 83 and 85.

MULE DEER: Colorado mule deer population has grown tremendously over the last few years. Mule deer bucks are generally grouped together in the second season. In the third season, they start breaking up with the does. There is an excellent opportunity of 160 to 200 class bucks.

BLACK BEAR: Black bears with various color phases are on these private ranches. These Colorado black bears are very active in October.

MOUNTAIN LION: We run a first class, fair chase lion hunt with well-trained hounds and state of the art equipment. Guided hunts are 1 on 1 for 7 days on large tracts of scenic private property that are producing exceptional trophy lions. There will be several guides in camp working for you during your stay. They will be out looking for tracks, assisting with the dogs, and providing you with transportation using 4-wheel drive trucks, ATVs, snowmobiles, and Rhinos.

TURKEY HUNTS: Spring gobbler season is a lot of fun on these private ranches. Large toms are taken every year. Success has been running 100% on these 3-day semi-guided hunts.
